Dear sir

We offer a good quality school bell timers Technical Specification:- Per day we can program 50 periods. Summer, Winter & Exam mode programmable. Day wise program (Monday, Tuesday etc. independently we can schedule program). Built in Real time clock. Fuse production earth connection provided.

### Applications:-School, colleges, Industries

Automatic School Bell with Voice Announcement. No human activity required once installed. Bell rings at sharp time. Voice announcement helps us to understand what is going on rather than just a bell. No staff required for bell ringing. Save human effort and money. Special alerts facility for emergency alarm in case of firebomb and earthquake. Can also be used as a usual public addressing system.
